### **DETAILED ACTION**

This application is in condition for allowance except for the following formal matters:

#### **IN THE DRAWING:**

- Figures 1-5 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

#### **IN THE SPECIFICATION:**

- The abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words. It is important that the abstract not exceed 150 words in length since the space provided for the abstract on the computer tape used by the printer is limited.

#### ***Allowable Subject Matter***

Claims 1-31 are allowable over the prior art of record because none of the prior art whether taken singularly or in combination, especially when these limitations are considered within the specific combination claimed, to teach: a non-volatile memory device comprising: a discriminator/means, among others as claimed in independent claims 11, 21, for discriminating whether the conduction currents is high or lower than a predetermined demarcation current value; a reference circuit, among others as claimed in independent claim 31, for calibrating set of common parameters with respect to common environment and generating set of control signals

Art Unit: 2818

accordingly so that the plurality of sense amplifiers are controlled to have its predetermined properties enforced. A method of sensing comprising step of identifying those having conduction currents higher than predetermined demarcation current value, and among other steps as claimed in independent claim 1.

### ***Conclusion***

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

- Akaogi et al. (5,537,356) disclose a non-volatile semiconductor memory comprising S/A circuit.
